ROBOCUP · INDUSTRY PATHWAY COMPETITION

YOU. ROBOTS. FUTURE.

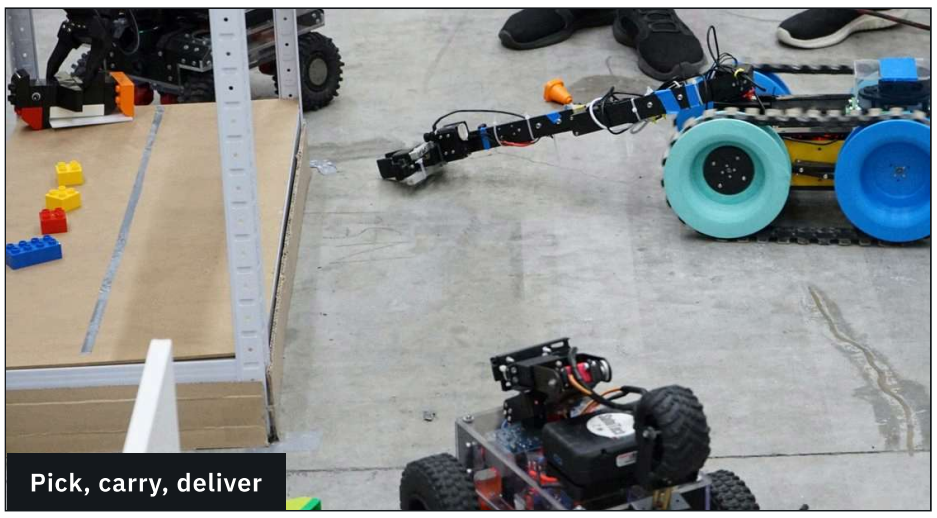

JOIN IN!

Your pathway into industrial robotics — where curiosity grows into skills.

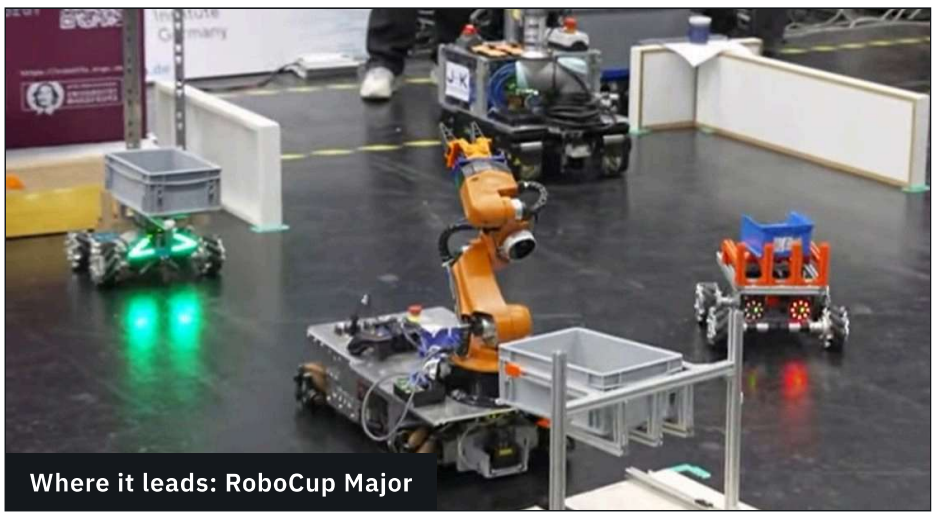

Whether you're just getting started or already have RoboCup experience, all you need is curiosity and a passion for robotics. The rest comes along the way.

YOUR FUTURE STARTS NOW.

This competition is taking shape right now – and you can be part of it from the very start and help develop it.

Pick, carry, deliver

Where it leads: RoboCup Major

- **Build** the robots of tomorrow.
- **Discover** technology that really moves things.
- **Strengthen** the future of our industry.
- **No fear** of getting started – we support you.

ROBOTICS CLUB? PROJECT COURSE? WHATEVER YOU CALL IT AT YOUR SCHOOL.

Team up and compete at **RoboCup** in the **Industry Pathway Competition** – the new entry point between Junior and Major. And the best part: you **actively help develop** this competition from the very start.
